ODPG Field Days – with Graham Shepherd

The Organic Dairy and Pastoral Group is hosting **2 Field Days** with **Graham Shepherd**. Graham will be discussing the Visual Soil Assessment (VSA) technique and its role in sustainable farm management. He will also be looking at how VSA can be used to assess Green House Gas emissions, Nutrient loss and Carbon Sequestration at an on farm level.

www.BioAgriNomics.com

Organic Futures will also be on hand to discuss opportunities for certified Dairy Beef and Cull Dairy Cows in the North Island.

www.organicfutures.org.nz

Free to ODPG members. \$10 to non-members.
